A Unified Analysis for Planar Transmission Lines

A.K. Saad and K. Schunemann. "A Unified Analysis for Planar Transmission Lines." 1982 MTT-S International Microwave Symposium Digest 82.1 (1982 [MWSYM]): 292-294.

A unified analysis for planar transmission lines is presented, which needs about 2 orders of magnitude less computer time than the spectral domain method. It is applied to various microstrip-lines and to fin-lines.
