H. Jui-Pang and T. Anada. "Planar Circuit Equation and its Practical Application to Planar-Type Transmission-Line Circuit." 1983 MTT-S International Microwave Symposium Digest 83.1 (1983 [MWSYM]): 574-576.

This paper presents general circuit equation of planar circuit basing on the field theory and systematic method of analysis basing on the conventional circuit theory. As an example of the application, planar-type transmission-line circuits are analyzed.
