Dielectric Waveguide Corner and Power Divider with a Metallic Reflector (Short Papers)

K. Ogusu. "Dielectric Waveguide Corner and Power Divider with a Metallic Reflector (Short Papers)." 1984 *Transactions on Microwave Theory and Techniques* 32.1 (Jan. 1984 [T-MTT]): 113-116.

The right-angle corner and T- and Y-junction-type power dividers with the metallic reflector are experimentally investigated which are useful for dielectric waveguide millimeter-wave integrated circuits.
