## Scattering of Guided Modes Caused by an Arbitrarily Shaped Broken End in a Dielectric Slab Waveguide (Correction)

---

*N. Morita. "Scattering of Guided Modes Caused by an Arbitrarily Shaped Broken End in a Dielectric Slab Waveguide (Correction)." 1984 Transactions on Microwave Theory and Techniques 32.2 (Feb. 1984 [T-MTT]): 219-219.*

Due to a technical oversight in the production of the November issue of this Transactions, Nagayoshi Morita's photograph did not appear with his biography in the above paper. Following is a reprint of Dr. Morita's biography with his photo.
