Guest Editorial (May 1991 [T-MTT])

G.L. Heiter. "Guest Editorial (May 1991 [T-MTT])." 1991 Transactions on Microwave Theory and Techniques 39.5 (May 1991 [T-MTT] (Special Issue on Directions in Design and Applications of Microwave Systems)): 753-754.

Periodically, the Technical Committee on Microwave Systems (MTT-16) of the Microwave Theory and Techniques Society (MTT-S) sponsors various types of events to promote the exchange of information on selected aspects of system design. Workshops and panel sessions at International Microwave Symposia (IMS), together with summaries of their proceedings and special issues of this Transactions, have been used to provide such a forum.
