An Overview of Japanese Manufacturing of SAW Devices

S. Fujishima. "An Overview of Japanese Manufacturing of SAW Devices." 1986 MTT-S International Microwave Symposium Digest 86.1 (1986 [MWSYM]): 561-564.

Japanese manufacturing of SAW devices is overviewed here. Japanese market of SAW devices has been limited mainly to consumer electronics such as TV and VCR. Three kinds of basic materials have been widely used. New designing method has been developed for every application, and manufacturing process including packages has been improved to make economical massproduction.
