Power-Handling Capability of the Rhombic Waveguide (Comments and Reply)

P.A.A. Laura, L. Ercoli, P.L. Overfelt and C.S. Kenney. "Power-Handling Capability of the Rhombic Waveguide (Comments and Reply)." 1992 Transactions on Microwave Theory and Techniques 40.8 (Aug. 1992 [T-MTT]): 1733-1733.

The purpose of the present correspondence is two fold: first to congratulate the author for his important contribution and the second to present some considerations regarding the solution of Helmholtz equation as well as other wave-type equations in rhombic domains.
