## Fiber-Optic Transmission Systems in Japan

---

*S. Shimada and T. Matsumoto. "Fiber-Optic Transmission Systems in Japan." 1988 MTT-S International Microwave Symposium Digest 88.2 (1988 Vol. II [MWSYM]): 827-830.*

This paper describes the main systems that have been developed to date, and some of the technologies for future systems that are now being researched by NTT.
