An Analytic Algorithm for Unbalanced Stripline Impedance (Further Comments)

E. Costamagna and A. Fanni. "An Analytic Algorithm for Unbalanced Stripline Impedance (Further Comments)." 1994 Transactions on Microwave Theory and Techniques 42.4 (Apr. 1994, Part I [T-MTT]): 693-694.

In the above paper, algorithms and data for characteristic impedance of unbalanced (or offset) stripline in homogeneous dielectric were presented. Alternative algorithms and data were presented in [1], and numerical inversion of the Schwarz-Christoffel conformal transformation was utilized in [2] to compare and discuss the previous results.
