Mechanisms Determining Third-Order Intermodulation Distortion in AlGaAs/GaAs Heterojunction Bipolar Transistors (Comments)

S.A. Maas, B. Nelson and D. Tait. "Mechanisms Determining Third-Order Intermodulation Distortion in AlGaAs/GaAs Heterojunction Bipolar Transistors (Comments)." 1993 Transactions on Microwave Theory and Techniques 41.10 (Nov. 1993 [T-MTT]): 2038-2039.

We believe that statements in the above-referenced paper seriously misrepresent our work. In [2] we made the following points:
