Foreword (1975 [MWSYM])

E.W. Matthews. "Foreword (1975 [MWSYM])." 1975 MTT-S International Microwave Symposium Digest of Technical Papers 75.1 (1975 [MWSYM]): ii-ii.

As chairman of this Momentous Affair, and speaking for all the members of the loyal and dedicated Steering Committee, it gives me great pleasure to welcome you to Palo Alto and the 1975 International Microwave Symposium! We hope you will enjoy your visit here, and find it stimulating, interesting, informative, and lots of fun -- renewing old friendships, and catching up on the "state-of-the-art".
