

WHY JOIN MTTS?

Among the reasons for joining the IEEE Microwave Theory and Techniques Society are the following.

- 1) To receive the IEEE Transactions on Microwave Theory and Techniques, a monthly periodical containing papers and correspondence items describing the results of new and original research and development in the microwave field.
 - 2) To support other activities of the MTTS, such as the annual symposium, which provides a unique opportunity to hear an excellent technical program and to make personal contacts with those working in microwaves.
 - 3) To receive the newsletter which contains information on local chapter and IEEE activities, news of meetings of interest to the microwave profession, and of the activities of the MTTS in general.
 - 4) To obtain increased representation in the conducting of IEEE affairs.
-

Membership Application IEEE MICROWAVE THEORY AND TECHNIQUES SOCIETY
