

EXHIBITION GUIDE

- ADAMS-RUSSELL CO., INC.** 42
Amesbury, MA
Bob Joyce, C. M. Jones, Ron Guimond, Charles Wilbanks, Roy Newman, Nat Davis, John Rinek
Waveguide transitions, adaptors, double ridged runs, twists, directional couplers, RF cable assemblies
- AEG TELEFUNKEN CORP.** 50
Englewood Cliffs, NJ
Victor M. Pastore, Dr. C. Schenk
Space TWT's for both communication satellites and direct broadcast satellites, satellite earth station TWT's and power supplies, commercial radio link TWT's and power supplies and high power TWT's for tropo-scatter systems
- AERCOM INDUSTRIES** 12
Sunnyvale, CA
James Mitchell
Low noise transistor amplifiers, tunnel diode amplifiers, ferrite devices
- AERTECH INDUSTRIES** 52
Sunnyvale, CA
John Cotsworth, Brooke Clare, Frank Lemon, S. Virk
Solid state amplifiers, ferrite devices, microwave semiconductor devices, detectors, mixers, switches, microwave subsystems
- AILTECH/ a Cutler Hammer Co.** 35
City of Industry, CA
Jack Mott, Ken Hull, Lowell Beezley, Tom Eccles
RF power signal sources, noise figure instrumentation, spectrum analyzers, frequency synthesizers
- ALPHA INDUSTRIES, INC.** 28
Woburn, MA
George Kariotis, Andrew Kariotis, Tony DeCarolis, M. J. Reid, Dave Milligan, Dennis Loger
Microwave diodes and solid state control devices, TRG millimeter products, Optimax RF/IF amplifiers
- AMPEX CORP.** 53
Sunnyvale, CA
Gil Argentina, Dr. Paul Baba
Yttrium iron garnet (aluminum, gadolinium and manganese substitution), calcium vanadium garnet, lithium ferrites, titanate dielectrics, hot pressed and conventional inductor ferrites (zinc, nickel zinc, manganese zinc, manganese nickel zinc)
- AMPLICA, INC.** 53
Westlake Village, CA
Jim Cole, Jerry Moore, Dr. Dick Posner, Chuck Abronson
Low Noise GaAs FET and Bi-Polar transistor amplifiers, linear and class C power amplifiers, multi-channel amplifiers, subsystems, associated devices and hi-rel products
- ANAREN MICROWAVE, INC.** 22
Syracuse, NY
Larry E. Buckridge, Donna Gustin, Carl W. Gerst, Stig L. Rehnmark
Stripline wideband microwave signal-processing components and subassemblies, 0.30 to 18 GHz including digital IFMs (DFDs), mixers, power dividers, couplers, attenuators, switches, modulators, and discriminators
- ANZAC ELECTRONICS** 5
Waltham, MA
Nick Iocco
RF components, amplifiers, mixers, power dividers, hybrids, couplers, transformers
- ARRA, INC.** 46
Bay Shore, NY
Paul L. Bleifer
Coaxial and waveguide microwave components including variable attenuators, fixed attenuators, terminations, directional couplers, power dividers, phase shifters, diode switches and attenuators, special assemblies, dummy loads
- ARTECH HOUSE** 15, 16
Dedham, MA
William Bazy, Jr.
Artech House books reflect expert authorship from every perspective of technology relevant to you. Data Communications, Microwave Components, Radar, and Telecommunications are where people look to Artech.
- AVANTEK, INC.** 29
Santa Clara, CA
Robert Jones, Roger Grace, Tim Costa
Low noise solid state octave bandwidth GaAs FET and bipolar amplifiers up to 18 GHz, specialized communications band low-noise amplifiers, YIG and varactor-tuned oscillators for applications from 600 MHz - 12.3 GHz including a 30 mW X-band YTO
- BAYTRON** 51
Medford, MA
Ted Kozul
mm-components, digital mm frequency meter
- CAIN TECHNOLOGY** 63
Los Angeles, CA
Bob Mayer, Dave Welling, Mike Neesham, Chuck Cressler, Bill Plumer
Representing: AvanteK, California Microwave, Greenray Industries, Keltec, Midwest Microwave, Summit Engineering, Teledyne Microwave
- CALIFORNIA EASTERN LABS, INC.** 1
Burlingame, CA
Jerry Arden, Carl Peterson, Marvin Groll, Al White, Dr. T. Irie
Microwave semiconductor devices including NEC's new power bipolar types, GaAs FET's, and silicon double-drift IMPATT diodes
- CALIFORNIA MICROWAVE** 63
Sunnyvale, CA
Solid state oscillators and multiplexers
- CENTRALAB/USCC** 54
Los Angeles, CA
Don Anderhalt, Rich Colburn, John Horn, Don Hosmer, Al McMillen, Dick Ni
EMI/RFI filters, monolithic ceramic chips
- CENTRAL MICROWAVE CO.** 12
St. Charles, MO
Gunn diode oscillators
- COLEMAN MICROWAVE CO.** 62
Lebanon, NJ
Fixed and tunable coaxial and waveguide filters
- COMPAC** 62
Smithtown, NY
EMI-RFI shielded cases
- COMPACT ENGINEERING, INC.** 19
Los Altos, CA
Les Besser
Computer software, computer aided designs
- COMSTRON-SEG** 12
Freeport, NY
Phil Bass
Lumped-constant filters, crystal filters
- CROWN ELECTRONICS** 62
North Hollywood, CA
Phil Simon, Tom Stephenson
Representing: Coleman Microwave, Compac, DB Products, Meca Electronics, Mini-Circuits Laboratory, Miteq, UTE, Vectronics Microwave Corp.
- CUSTOM COMPONENTS, INC.** 44
Lebanon, NJ
Charles Blaine
Ge and GaAs tunnel, switching, and detector diodes, silicon mixer and detector diodes
- CUSTOM MICROWAVE** 44
Longmont, CO
Emory Horvath
Millimeter wave components and test equipment
- DB PRODUCTS** 62
Pasadena, CA
Pete Novak
Coaxial and waveguide switches
- 3 DBM MICROWAVE** 53
Westlake Village, CA
Herb Berger
Filters, diplexers, multiplexers, integrated packages and assemblies, telemetry components, XCO's, VXCO's, FM, video and phase

modulators, FM transmitters, solid state multi-channel frequency sources, phase locked oscillators, frequency multipliers and translators, custom RF power sources, GCA and ECM simulators, trainers and subsystems

DEXCEL, INC. 43
Santa Clara, CA

Sal Ghoul

GaAs Field Effect Transistors

DIELECTRIC LABS., INC. 5
Fairfield, NJ

Fred Sommer

High Q porcelain capacitors, single-layer parallel plate capacitors

EIP, INC. 34
Santa Clara, CA

Richard Bush, Howard Lurie, Jon Stoddard

Automatic microwave frequency counters, Models 331, 350D, 351D, 371 and 451

ELECTRONIC SURVEILLANCE COMPONENTS 12
Palo Alto, CA

YIG oscillators

EMERSON & CUMING, INC. 31
Gardena, CA

Howard A. Smith, Elery F. Buckley, M. William Frasca, Lee G. Bowsher, John P. Ebbinghouse

Eccosorb microwave absorbers, microwave anechoic chambers, Eccoshield RF shielded chambers, Ecco reflectors & Ecco Luneberg lenses, Eccoshield EMI/RFI gaskets & shielding materials, Eccosorb waveguide & co-ax loads & resistive materials & adjusted dielectrics

EMHISER RAND INDUSTRIES 43
San Diego, CA

Robert Anderson

RF Power Amplifiers

ENGELMANN MICROWAVE CO. 12
Montville, NJ

Herb Engelmann, Carl Schraufnagl

Coaxial and stripline components, PIN switches, limiters, phase-locked oscillators

ENI, INC. 51
Rochester, NY

Lee Salmen

RF power amplifiers and multicouplers

FREQUENCY CONTOURS, INC. 18
Santa Clara, CA

Leon Becker

Dual mode equalizers, gain equalizers, filters

FREQUENCY ENGINEERING LABS 7
Farmingdale, NJ

Richard V. Snyder, Joseph M. Ruskin, Tom Miracle, Robert Lyon, Mary Smithson, Howard Schoenduve, Chuck Fetty, Bill Chaffee

Eva-Mode (evanescent) microwave filters, dual-mode tunable filters, diplexers, 800B Phase Noise Analyzer with companion instrument, the 236A Phase Lock Synchronizer

FREQUENCY SOURCES, INC. 18
S. Chelmsford, MA

Gary Tamas, John Callahan, Bernard Plansky, Robert Knowles, Eugene Voracka

Cavity oscillators, crystal oscillators, wide band VCO's, subsystems

FREQUENCY WEST, INC. 18
Santa Clara, CA

Dale Peterson, Steve Erickson, George Wehrfritz

Synthesizers, solid state amplifiers, phase lock oscillators, subsystems

GENERAL ELECTRIC - OWENSBORO 58
Owensboro, KY

J. W. Rush, Paul Coomes, Jim Korcuba, Jim Killebrew

Solid state and tubed microwave circuit modules, bulk effect diodes, planar ceramic tubes and power klystrons

GENERAL MICROWAVE CORP. 2
Farmingdale, NY

Sherman A. Rinkel, Moe Wind, Irwin Weitman

Automatic network analyzer, analog & digital power meters, PIN diode switches and attenuators, microwave radiation hazard meters, solid state switches

GHZ DEVICES, INC. 18
S. Chelmsford, MA

Ronald J. Doherty, Robert Antonucci, James Godbout

Microwave Semiconductors: tuning varactors, multiplier varactors, PIN diodes, GaAs varactors, Microwave Control Devices: RF switches, modulators, attenuators, phase shifters, subsystems

GREENRAY INDUSTRIES, INC. 63
Mechanicsburg, PA

Crystal oscillators

HEWLETT-PACKARD CO. 25,26,27
Palo Alto, CA

Microwave semiconductor devices, signal analysis instrumentation, network analysis instrumentation, signal generation and simulation equipment, high frequency measurement components

HITACHI-DENSHI AMERICA, LTD. 12

Woodside, NY

Steve Otaki

mm-wave test equipment

HUGHES AIRCRAFT CO/ ELECTRON DYNAMICS DIVISION 17
Torrance, CA

Dick Larson, Paul Crandell, John Kuno, George Ziff

Avalanche diode oscillators; IMPATT diodes and IMPATT diode amplifiers; mm-wave sweeper; mm-wave sources, detectors, transmission line components, modulators and power supplies, isolators, mixer-preamps, 4-port waveguide switch, varactor-tuned Gunn-effect oscillators

JOHANSON MANUFACTURING CORP. 48

Boonton, NJ

Eric Fagerlund, Bob Kapner, Bill Jensen, Russ Goldstein, Hal Roades, Andre Galliath

Variable capacitors, ceramic chip capacitors, microwave tuning elements

JUNCTION DEVICES 53
Westlake Village, CA

Ed Vadnais, Kurt Anderson

Coaxial and waveguide ferrite isolators, circulators, switches, associated components and hi-rel products

KDI PYROFILM CORP. 20
Whippany, NJ

Al Arfin, Mike Giacalone, James A. Cook

MIL styled resistors, flatso thick film resistors, thick film - SIP - networks, chip resistors, microwave resistors, sub miniature resistors, high voltage resistors, high resistance resistors, stripline resistors

KELTEC FLORIDA 63
Fort Walton Beach, FL

Jack Wadkowski

TWT amplifiers and power supplies

K & L MICROWAVE INC. 12
Salisbury, MD

Charles Schaub

Tubular, LC and cavity filters

LOGIMETRICS, INC. 11
Plainview, NY

Murray H. Feigenbaum, Etta Feigenbaum, Jerry Deutsch, John Kirch

A100 Traveling Wave Tube Amplifier, A500 Traveling Wave Tube Amplifier, A600 Traveling Wave Tube Amplifier, 925 Signal Generator, 980 CB Receiver Test Set, 981 CB Transceiver Test Set

LOGUS MANUFACTURING CO. 55
Deer Park, NY

Frank Kenna, Brendan de Milt

Microwave subsystems

LORCH ELECTRONICS 12
Englewood, NJ

Mixers, power dividers, attenuators and phase shifters up to 3 GHz

L & M ENGINEERING, INC. 12
Inglewood, CA

Bill Heeter, Roger Henderson, Ronald Kleban

Representing: Aercom Industries, Central Microwave, Comstron SEG, Electronic Surveillance Corp., Hitachi-Denshi America Ltd., K & L Microwave, Lorch Electronics, Microwave Power Devices, Microwave Research Corp., Parametric Industries

3M COMPANY 14
St. Paul, MN

Dick Evans, Jim Joyner, Elliot Bond, Bob Applewhite, Todd Davidson

Microwave stripline laminates

- MAURY MICROWAVE CORP.** 13
Cucamonga, CA
Mario Maury, T. C. Koster, M. A. Maury, Jr., Mark Maury, Jim Godfrey, Russ Doehner
Microwave components and instruments from dc - 40 GHz; coaxial connectors, cable assemblies, adaptors and test instruments, end-launch waveguide-to-coax adaptors to 40 GHz, miniaturized high performance bandpass filters and high power cable assemblies for ECM/EW applications, precision broadband laboratory tuners, connector gauge kits, automatic network analyzer calibration kits, sliding and fixed terminations, high-directivity directional couplers, double-ridged waveguide components, cryogenic terminations
- MCA REPCO** 53
Westlake Village, CA
Morton C. Asnes, Colin Carnegie
Representing: Ampex, Amplica, 3DBM, Junction Devices, Merrimac Industries
- McDOUGALL/McLAUGHLIN CO.** 51
Los Angeles, CA
Merle McDougall, Dick McLaughlin
Representing: Baytron, ENI, Inc., Microlab/FXR, Micro-Now Instrument Co., Inc., TRAK Microwave Corp.
- MECA ELECTRONICS** 62
Denville, NJ
Couplers, terminations, attenuators
- MERRIMAC INDUSTRIES, INC.** 53
West Caldwell, NJ
Dan Brodow, Gary Tahlmore
Directional couplers, quadrature hybrids, balanced hybrids, power dividers/combiners, single and double-balanced mixers, variable attenuators and phase shifters, electronic switches, frequency discriminators, active isolators, monopulse and phase comparators, high power ferrite devices and terminations, subsystems, instruments, Hi-Rel and special products
- MICROLAB/FXR** 51
Livingston, NJ
Ray Vincent
Microwave components
- MICROMEGA DIVISION/
BUNKER RAMO CORP.** 21
Westlake Village, CA
Don C. Wright, O. L. Gilmore, Dan Cahill, C. Hinson
Low noise amplifiers, phase locked oscillators
- MICRO-NOW INSTRUMENT CO., INC.** 51
Chicago, IL
Clarence Arnow
mm-sweeper, klystron power supply
- MICROPHASE CORP.** 43
Cos Cob, CT
Floyd Parin
Multiplexers, filters, detectors, log video amplifiers
- MICRO-TEL CORP.** 40
Baltimore, MD
Richard Finke, Wayne Brandt
Multi-octave swept signal generator, broadband microwave receiver, waveguide fault locator
- MICROWAVE ASSOCIATES** 45,47
Burlington, MA
Microwave semiconductor capability, solid state control devices, solid state oscillators, microwave assemblies, microwave MIC packages, ferrite devices
- MICROWAVE JOURNAL** 15,16
Dedham, MA
Howard Ellowitz, William Bazy, Bernard Bossard, Joe Hinojosa, Rosemary Dawn, Robert Collins
Microwave Journal, Telecommunications, Intelcom '77, 1978 MTT-S Exhibition
- MICROWAVE POWER DEVICES** 12
Plainview, NY
Dick Sheloff, Dan Mazziota
High power transistor amplifiers
- MICROWAVE RESEARCH CORP.** 12
N. Andover, MA
Jim Herrmann
Rectangular and double-ridged waveguide components
- MICROWAVE SEMICONDUCTOR CORP.** 24
Somerset, NJ
Ron Rosenzweig, Art Cox, William Berry, Richard Moffett, Phil King, John Caruso, H. Balslem, S. Lazar
Microwave power transistors, MIC power amplifiers, solid state noise sources, microwave semiconductor diodes, solid state control devices
- MICROWAVE SPECIALTY CORP.** 57
San Diego, CA
Robert S. Weiss, Eugene P. Augustin, Duane G. Tubbs, Elliot Bell
Antennas, rotary joints and radomes
- MICROWAVE SYSTEMS NEWS** 38
Palo Alto, CA
Ron Rose, Dick Davis, Jim Fawcette, Rhoda Low, Kathy Gheleta
Electronic Warfare, EW Handbook, Microwave Systems News
- MICROWAVE TECHNICAL SALES** 43
Lawndale, CA
Frank Borghette, Rick Rose, Bill Breyer, Karen Hernandez
Representing: Dexcel, Inc., Emhiser Rand Industries, Microphase Corp., Neico Microwave Corp., Passive Microwave Technology, Planar Microwave Int'l Corp., Power Hybrids, Inc., Sage Enterprises, Inc.
- MICROWAVES** 60
Rochelle Park, NJ
Howard Bierman, Stacy Bearse, Ian Hill
MicroWaves magazine, Microwave Product Directory
- MIC TECHNOLOGY** 44
N. Billerica, MA
George Berk
Tunable and phase locked GUNN oscillators and amplifiers
- MIDWEST MICROWAVE** 63
Ann Arbor, MI
Herb Gaudet
Coaxial terminations and attenuators
- MINI-CIRCUITS LABORATORY** 62
Brooklyn, NY
Double-balanced mixers, splitter-combiners, couplers, impedance matching transformers
- MITEQ, INC.** 62
Hauppauge, NY
Low-noise, broadband amplifiers, high power amplifiers, crystal and voltage controlled oscillators
- MODPAC DIVISION/
ANZAC ELECTRONICS** 5
Waltham, MA
RF enclosures
- NARDA MICROWAVE CORP.** 37
Plainview, NY
James J. Lautermilch, Joe P. Schindler, William A. Bourke, James McFarland, Stuart Casper, John Eisenberg, Gary Gianatasio
GaAs FET amplifiers, PIN diode switches, detectors, solid state oscillators, broadband solid state sweep generators, precision SWR bridge high directivity and broadband couplers, fixed step and variable attenuators, isotropic radiation monitors and power measuring devices
- NEICO MICROWAVE CORP.** 43
Burlington, MA
Robert Ranslow
W/G and coaxial microwave products
- NORSAL INDUSTRIES, INC.** 4
Brentwood, Long Island, NY
Norman Spector
Stripline components, filmcard, solid state switches, GUNN oscillators, stripline packages, directional couplers, 90° hybrids, 180° hybrids, power dividers, mixers
- OMNI SPECTRA, MICROWAVE SUBSYSTEMS DIVISION** 41
Tempe, AZ
John J. Powell
Transistor signal sources, GUNN diode oscillators, stable signal sources, subsystems
- PACIFIC AERO SALES CO.** 44
Torrance, CA
Dick Wieneke
Representing: Custom Components, Inc., Custom Microwave, MIC Technology, SpaceKom, Inc., Trontech, Inc.
- PARAMETRIC INDUSTRIES** 12
Winchester, MA
Schottky barrier, point contact and GaAs microwave mixer and detector diodes

PASSIVE MICROWAVE TECHNOLOGY Canoga Park, CA <i>George Grund</i> Microwave ferrite components	43	SPACEKOM, INC. Santa Barbara, CA <i>George Spacek</i> Microwave mixers, upconverters, and receivers	44	TRW SEMICONDUCTORS Lawndale, CA <i>Terry McCarthy, Mike Gagnon, Warren Gould, Bill Sebastian, Dan Newton, Tim Humphrey, Jim Frazier, Charley Hewitt, Roger DeBloois, Gene Brammock, Chuck Craig, Chet Winham, Dan Brayton, Jim Steenberger, Al Gibbs</i> Microwave, UHF, VHF and mobile radio transistors and hybrids	64
