

EXHIBITORS GUIDE

- ADAMS RUSSELL—** 72
Antenna and Microwave Division
Amesbury, MA
T.C. Koster, H. Leach, R. LeBlanc, D. Herling, J. Ripel
airborne antennas and cable assemblies
- ADAMS RUSSELL —** 71
Anzac Electronics Division
Waltham, MA
J.P. Leonard, N. Iocco, R. Bishop
termination insensitive double balanced mixers, thin film IF/RF amplifiers
- AERCOM INDUSTRIES** 55
Sunnyvale, CA
J. Mitchell
microwave isolators, circulators, GaAs FET, tunnel, Gunn and IMPATT amplifiers, RF detectors, limiters and switches
- ALPHA INDUSTRIES** 21, 22
Woburn, MA
A. DeCarolis, A. Kariotis
microwave diodes and GaAs FETs, microwave solid state control devices, millimeter microwave components, antennas, systems, RF amplifiers and thick-film hybrid circuits
- ANDERSEN LABORATORIES** 78
Bloomfield, CT
R. Cosma
surface acoustic wave devices
- ARTECH HOUSE** 51, 52
Dedham, MA
W. Bazy, Jr., M. Walsh
Artech House books reflect expert authorship from every perspective of technology relevant to you. Data communications, Microwave Components, Radar and Telecommunications are some of the subjects where people look to Artech.
- AVANTEK, INC.** 57
Santa Clara, CA
D. Smith
low noise bipolar and GaAs FET amplifiers, YIG tuned fundamental oscillators, bipolar and GaAs FET transistors
- BAYTRON CO., INC.** 30
Medford, MA
T.L. Kozul
millimeter wave devices and systems
- R.F. BRENNAN ASSOCIATES, INC.** 40, 41
Clearwater, FL
representing Microlab/FXR, Norsal Industries
- CALIFORNIA EASTERN LABS** 43, 44
Santa Clara, CA
microwave semiconductor devices
- COMPAC** 68
Deer Park, NY
K. Bardon, G. Hartzog
RF shielded enclosures, couplers, power dividers, cable assemblies, RF transfer switch
- COMPACT ENGINEERING, INC.** 67
Los Altos, CA
L. Besser, C. Holmes, M. Ball, J. Besser
computer aided circuit design software
- DIAMOND ANTENNA & MICROWAVE** 68
Winchester, MA
C. Theophile
rotary joints and waveguide components
- DIELECTRIC LABORATORIES** 63
Cazenovia, NY
J. Danich
microwave capacitors
- EIP MICROWAVE** 56
Santa Clara, CA
R.A. Bush, H. Lurie
automatic microwave frequency counters — CW, pulsed, phase locking
- EMERSON & CUMING** 58
Canton, MA
W. Lemann, Jr., C.A. Kelly
free-space microwave absorbers, high loss dielectric microwave absorbers, conductive plastic EMI/RFI gaskets
- ENGELMANN MICROWAVE CO.** 1
Montville, NJ
H. Engelmann, C. Schraufnagl, B. Hartwig
microwave and toroidal components for RF to IF signal processing, including cavity oscillators, attenuators, terminations, couplers, hybrids, power dividers, mixers, and stripline and microstrip subassemblies
- EPSCO, INC.** 66
Westwood, MA
R. Strickland
pulse signal sources, CW signal source, peak power calibration system, cavity oscillators
- EW COMMUNICATIONS, INC.** 14
Palo Alto, CA
Microwave Systems News, Electronic Warfare magazines, International Countermeasures handbook
- FREQUENCY ENGINEERING LABS** 90
Farmingdale, NJ
A. Stinehauer
microwave components
- FREQUENCY SOURCES, INC.** 25
Chelmsford, MA
C.M. Jones, R. Antonucci, B. Bruce, P. Order, S. Stopek, W. Niblack, J. Perkins, F. Holt, J. Garvey, R. Stickney, G. Veracka, B. Plan-sky, J. McClay, J. Jenkins, B. McCarthy, J. Stevens, G. Jacques, B. Harrison
Gunn VCOs and VCO subsystems, RF switches, frequency multipliers, frequency synthesizers, phase locked VCOs, varactors, multiplexers, optimizers, gain equalizers and harmonic phase shifters
- FUJITSU AMERICA, INC.** 89
Santa Clara, CA
T. Shintani, D. Buist, Ms. Stomisak
microwave devices
- GAMMA-F** 10
El Segundo, CA
C. Goss
filters, duplexers, antenna feeds, horn antennas, transitions, broadband dual polarized antennas, mode launchers
- GENERAL ELECTRIC** 26
Owensboro, KY
J. Rush, J. Korcuba, B. Halley, D. Phillips, F. Webb, M. McKie, B. Parrish, P. Coomes
bulk effect diodes, planar triodes, solid state modules, ceramic parts, CCTV cameras, vidicons, and reed switches
- GENERAL MICROWAVE CORP.** 18
Farmingdale, NY
M. Wind
microwave test instruments and control devices
- W.L. GORE & ASSOCIATES, INC.** 53
Newark, DE
microwave coaxial assemblies
- HEWLETT PACKARD** 59-62
Palo Alto, CA
programmable microwave spectrum analyzer, semi-automatic microwave network analyzer, low phase noise synthesized signal generator, modulation analyzer, frequency counter, GaAs FETs, bipolar transistors
- HUGHES AIRCRAFT CO.** 8, 9
Electron Dynamics Div.
M. Talley, G. Ziff, J. Kuno, B. Ying, P. Crandell, B. Bhatia
sweeper system, phase locked oscillator, millimeter-wave components

EXHIBITORS GUIDE

filters, frequency synthesizers, spectrum analyzers, IEEE interfaces

SABER ASSOCIATES 82 Pompano Beach, FL

J. Talbot, D. Mitro, R. Caron, D. McQue, B. Daniel

microwave counters, microwave components, and subsystems

SAGE LABORATORIES, INC. 54 Natick, MA

T. Cieri, T. Saad, H. Chapell, C. Marguerite, W. Currie, G. Miller

mixers, mixer pre-amplifiers, power dividers, hybrids, couplers, wireline, terminations, rotary joints, phase shifters, filters, video detectors, attenuators, amplifiers

SANDERS ASSOCIATES, INC. 39 Microwave Div. Nashua, NH

J. Schack

antennas, switches, power dividers, oscillators

SPACE MICROWAVE LABORATORIES 69 Santa Rosa, CA

J. Paul, F. Miller

microwave amplifiers

SUMMIT ENGINEERING 88 Bozeman, MT

C. Bossard

RF products

SYSTRON DONNER CORP. 45, 46 Concord, CA

spectrum analyzers, frequency counters, signal generator, frequency synthesizer, microwave components, oscillators, filters, and YIG devices

TEKTRONIX, INC. 104 Beaverton, OR

D. Fritch, E. Browning, H. Mayo, D. McCormack

VHF, UHF, microwave spectrum analyzers, tracking generators

TRW RF SEMICONDUCTORS 17 Lawndale, CA

M. Gagnon

microwave power transistors, linear hybrid amplifiers, fiber optic systems

TRAK MICROWAVE CORP. 33, 34 Tampa, FL

T. Roberts

oscillators, FET amplifiers, comb generators, isolators, circulators, IF amplifiers, multipliers, time code equipment, microwave test equipment

TRANSCO PRODUCTS 13 Venice, CA

J. Underhill

antennas, switches, microwave components

A.J. TUCK COMPANY 37 Brookfield, CT

T. Anderson

microwave electroforms, RF assemblies, microwave components

WATKINS-JOHNSON CO. 79, 80 Palo Alto, CA

microwave electronic systems, components, devices and related equipment

WEINSCHEL ENGINEERING 49 Gaithersburg, MD

R. Ramirez, R. Bastien, H. Banning, B. Weinschel

1-18 GHz multiband sweeper with IEEE-488 bus, 100 dB insertion loss phase lock system, 60 dB insertion loss system, programmable attenuator, step attenuator, OEM step, fixed, and variable attenuators, SMA connectors

WILTRON 38 Mountain View, CA

W. Baxter

microwave sweep generators, network analyzer, impedance bridges

WAVETEK INDIANA, INC. 48 Beech Grove, IN

L. Abbott, E. McDonald, J. Duval, J. Ladwig, E. Bucher, L. Scott, J. Whittington, R. Henderson, J. Larkin

sweep/signal generators, AM/FM generators, X-Y display scopes, RF detectors, attenuators, tunable bandpass filters

YIG-TEK CORP. 20 Santa Clara, CA

W.E. Briggs, D.M. Hoekstra, W.J. Keane, J. Morris

YIG oscillators and related components

ZETA LABORATORIES 42 Santa Clara, CA

C. Dudley

synthesizer, solid state oscillators, low noise frequency multipliers, subsystems
