

# How 600 libraries in 38 countries help keep their readers abreast of electrotechnology.

From Canada to Argentina... England to Yugoslavia... Israel to Japan... more and more libraries are joining IEEE's Open Order Plan (OOP) to assure comprehensive collections in their areas of major involvement.

Under the Plan, librarians can pick and choose in advance only those non-periodicals they want, within 15 broad categories of interest, from among over 400 titles — containing over 60,000 pages — published yearly by the IEEE.

## Advantages of the Plan.

With the OOP, a one-time order assures automatic delivery throughout the year of pre-chosen volumes as soon as they are published. You reduce time-consuming literature searches, purchase-order details and disappointing "out-of-stock" notices. Most importantly, you take comfort in knowing that your collection is complete — you have not overlooked a single important item. OOP agreements may be cancelled at any time upon 30 days' written notice.

1. *IEEE Conference Records & Digests*: Available either in their entirety — about 125, plus free IEEE Annual Combined Index and free subscription to *IEEE Technical Activities Guide* — or in any of eight sub-options, e.g., *Computers*. Conference publications are specially clothbound for OOP customers and are also available in

## The IEEE Open Order Plan for non-periodical publications

space-saving microfiche editions; 2. *IEEE Press Books*; 3. *IEEE Special Professional Publications*; 4. *IEEE Transactions Paper Preprints*; 5. *IEEE Standards*; 6. *IEEE Technical Reports*; 7. *IEEE Indexes and Bibliographies*; 8. *IEEE Educational Materials*.

### Send for complete details.

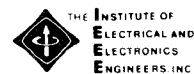

If your library serves engineers or scientists involved in adapting electrical/electronics engineering knowledge to problem-solving, then you should become familiar with the full extent of IEEE's resources. They are immense.

To obtain a copy of our IEEE Open Order Plan brochure, call R.J. Jerril at IEEE ("I-Triple-E") headquarters: (212) 644-7596. Or mail the coupon at right.
