

# Q

## EUROPEAN MICROWAVE SESSION

**Chariman: Richard Sparks—Raytheon Company**

**Session Abstract:** The purpose of the session is to give an overview of research and development activities in Europe. The emphasis is on new activities, reviewed from a European point of view. The session will cover active imaging, modelling of passive components, and the design of oscillators at millimeter and submillimeter wavelengths.

**10:30 a.m.–12:00 noon, Wednesday, June 14, 1989**  
**Terrace Theater**
