

## **Session EE:**

# **Advanced Transmission Line Structures**

**Chairman: James C. Rautio**  
Sonnet Software, Inc.  
Liverpool, NY

**EE**

Transmission line structures form the basic building block structure of microwave circuit design. In this session we explore advanced analysis of critical structures. Of special interest in this session are several papers describing new transmission line modes, coupling modes and radiation loss modes.

**8:00 a.m.–9:30 a.m., Thursday, May 10, 1990**  
**W101**
