Third International Symposium on Space Terahertz Technology

March 24-26, 1992

The University of Michigan, Ann Arbor, Michigan

JPLThe University
of Michigan

Sponsored by: NASA Office of Aeronautics, Exploration and Space Technology (OAET), University Space Engineering Research Centers Program, and cosponsored by the Microwave Theory and Techniques Society of IEEE.

Organized Jointly by: The University of Michigan's NASA Center for Space Terahertz Technology and JPL's Center for Space Microelectronics Technology.

SECOND ANNOUNCEMENT

Scope of Symposium

The program is international in scope, featuring noted researchers from the U.S., Japan, and Europe. The program will include papers from academia, government agencies, and industry, summarizing research results relevant to the generation, detection and use of terahertz spectral radiation for space astronomy, remote sensing observation of the earth's upper atmosphere and other applications.

Registration

Symposium attendees are encouraged to register in advance using the registration form printed below. The registration fee is \$125 if payment is received by February 1, 1992. The late registration fee, including registration at the Symposium, is \$175. The fee includes attendance at all sessions, refreshment breaks, the welcoming cocktail party, and a copy of the Symposium proceedings.

Travel Grants for Students

A limited number of travel grants are available to qualified graduate students. Applications should be sent to Professor F. T. Ulaby, EECS Department, The University of Michigan, 3228 EECS Building, Ann Arbor, MI 48109-2122. To be considered for a travel grant, the application must be made before February 1, 1992.
