

# **Session X**

## **High Speed Fiber Optic Links-Systems**

**Chairman:**

**P. R. Herczfeld**  
Drexel University  
Philadelphia, PA

The papers in this session focus on the state-of-the-art high speed fiber optic link designs and evaluation. The emphasis is on the systems aspects. It will include an invited paper reviewing the most recent developments and the comparison of alternate fiber optic link components and configurations. The remaining papers in the session will discuss link implementations and their application in microwave systems.

**1:30 p.m.–3:00 p.m., Wednesday, June 16, 1993**  
**Room 202**
