

Session SS

EM Analytical and Numerical Techniques I

Chairman:

M. Goetz
Stratedge Corp.
San Diego, CA

This session contains a mixture of discrete space-time domain analysis and mode matching techniques. The first four papers deal with recent developments and major refinements in the numerical procedures.

SS

1:30 p.m.–3:00 p.m., Thursday, June 17, 1993
Room 215
