

# **Session I**

## **Opening Session**

### **Chairman:**

**H. C. Huang**  
COMSAT Laboratories

### **Co-Chairman:**

**R. Gold**  
Pacific Monolithics

The opening session is intended to provide an overview of MMICs direction including both technology and market. After the welcome and general remarks for the MMWMC general chairman and the technical committee chairman, there are three invited papers. The first invited speaker is Martin Reid from Alpha Industry. He will present the MMIC commercial and military markets. The second invited speaker is F. A. Myers from GEc-Marconi. He will describe the MMICs for European applications. The third invited speaker is M. Morishima from NEC Corporation to present the mobile communication status in Japan.

**8:30 a.m.-10:00 a.m., Monday, June 14, 1993**  
**Congress Center Room 313**
