

Session I

Challenges for RF and Microwave Monolithics

Chairman:

M. Kumar
Unisys Corp.

Co-Chairman:

E. Strid
Cascade Microtech Inc.

This special session covers the emerging commercial applications of RF, microwave, and lightwave technologies. It consists of four invited papers addressing the history of MMICs, the explosive growth of RFIC products, intelligent transportation systems, and optical fiber communication ICs.

8:30 a.m.–10:40 a.m., Monday, May 15, 1995
Room CC-A2
