

Session WE2B

Frequency-Domain Electromagnetic Modeling

Chairman:

R. Sorrentino

University of Perugia

WE 2B	
----------	--

This session presents recent advances in frequency domain techniques for the modeling of passive components, including dielectric as well as printed circuit structures for millimeter wave and optical circuits.

10:30 a.m.–12:00 p.m., Wednesday, May 17, 1995
Room A2
