

4th INTERNATIONAL CONFERENCE ON MILLIMETER WAVE AND FAR INFRARED SCIENCE AND TECHNOLOGY

Beijing, China, August 12-15, 1996

IEEE

Sponsored by:
Chinese Institute of Electronics
Texas A&M University
IEEE Beijing Section
China National Committee for URSI

Technically Co-Sponsored by:
IEEE ED Society

Supported by:
China Nat. Natural Sci. Foundation

ORGANIZATION

In view of the adjustments to the conference committees the complete list will be announced in the later call for papers. For the time being, the committee chairs are announced as follows:

General Chairman
M. Von Ortenberg
Humboldt University of Berlin
Germany

Program Committee
Han-Chuan Hu
Beijing Vacuum Electronics Research Institute, China
Co-Chairman

Kai Chang
Texas A&M University, USA
Co-Chairman

S.C. Shen, Shanghai Institute of Technical Physics, China,
Vice Co-Chairman

Organizing Committee
Zong Sha
Chinese Institute of Electronics
Chairman

Fu-Jiang Liao
Beijing Vacuum Electronics Research Institute, China
Vice Chairman

Since these extended summaries will be included "as is" in the conference digest, it is strongly emphasized that they must be typed clearly, with carefully drawn figures and original photographs. Submissions not meeting the above standards will be returned for correction.

Submission of papers by persons not expecting to attend the conference is strongly discouraged. Submitters must include a statement with their papers to the effect that, to the best of their knowledge, they will attend the conference and present their papers, if accepted. A cover sheet with author's title, name, affiliation, return address, telephone and fax numbers, and e-mail should be included.

FIRST CALL FOR PAPERS

The 4th International Conference on Millimeter-Wave and Far-Infrared Science and Technology (ICMWFST'96) will be held in Beijing, China, during August 12-15, 1996. The scope of this meeting will encompass science and technology related to the wavelength range, extending from approximately 10 microns to 1 centimeter and will comprise invited review papers from well-known workers in this field as well as contributed papers.

SCOPE

Papers are solicited for this conference in the general subject areas of:

- Sources
- Mixers and Detectors
- Spectroscopy
- Atmospheric Effects
- Materials
- Measurements & Techniques
- Plasma Diagnostics
- Radio Astronomy
- High Tc Superconductors

LANGUAGE

The working language of the conference is English.

DEADLINES

Submission of extended summaries: February 15, 1996
 Notification of acceptance: April 1, 1996

SUBMISSION

Deadline: February 15, 1996.

Prospective authors outside China are requested to submit three copies of four-page (maximum) extended summary of their proposed paper, typed within an 18×25 cm border on A4 paper to:

Prof. Kai Chang
 Texas A&M University
 Department of Electrical Engineering
 College Station, Texas 77843-3128, USA
 Tel: (409)845-5285 Fax: (409)845-6259

Authors within China must submit their papers to Chinese Program Committee:

Mr. Zhi-Xiang Ren
 P.O. Box, 749, Beijing, 100016, China
 Tel: (010)-4362878 Fax: (010)-4363521
