

Bert A. Auld  
Recipient of the 1959 Microwave Prize

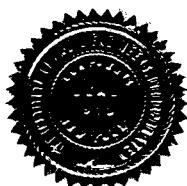

**The Institute of Radio Engineers**  
Professional Group on Microwave Theory and Techniques  
1959 Microwave Prize

to

**Bert A. Auld**

for a very significant contribution to the field of endeavor of the IRE-PGMT&T in his paper entitled "The Synthesis of Symmetrical Waveguide Circulators" published in the IRE TRANSACTIONS-MT&T, No. 2, pp. 238-246, April 1959. The paper treated for the first time the general cases of symmetrical ferrite circulators.

May 10, 1960
