

Correction to Effect of Calcination Conditions on Porous Reduced Titanium Oxides and Oxynitrides via a Preceramic Polymer Route

George Hasegawa,* Tatsuya Sato, Kazuyoshi Kanamori, Cheng-Jun Sun, Yang Ren, Yoji Kobayashi, Hiroshi Kageyama, Takeshi Abe, and Kazuki Nakanishi

Inorg. Chem. **2015**, *54* (6), 2802–2808. DOI: 10.1021/ic502972v

Page 2807. Figure 7 should be replaced with the correct version as follows:

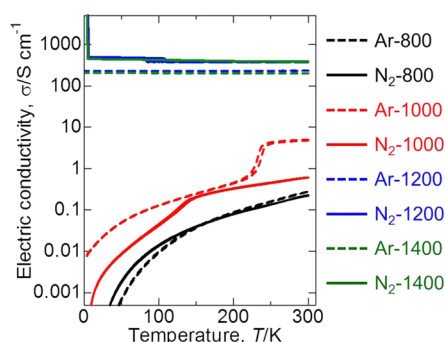

Figure 7. Temperature–electric conductivity relationship of the monolithic samples calcined at different temperatures under Ar and N₂ atmospheres. The broken and solid curves are for the samples treated under Ar and N₂ atmospheres, respectively.
