INTERNATIONAL SUMMER SCHOOL

HEAT AND MASS TRANSFER IN TURBULENT BOUNDARY LAYERS

THE INSTITUTE of Nuclear Sciences "Boris Kidric" Vinca, Beograd (Yugoslavia) organizes in Herceg-Novi on the Dalmatian coast an International Summer School dealing with transport phenomena. This year the topic will be: "Heat and Mass Transfer in Turbulent Boundary Layers".

The "International Assembly of Conferences in Heat Transfer" assures its patronage and provides its means of communication.

All inquiries concerning this summer school should be directed to Dr. Naim Afgan, President of the Organizing Committee of the Summer School, P.O. Box 522, Beograd, Yugoslavia.
