

HEAT AND MASS TRANSFER BIBLIOGRAPHY—SOVIET WORKS

R. I. SOLOUKHIN and O. G. MARTYNEKO

Heat and Mass Transfer Institute, 220728, Minsk, U.S.S.R.

(Received 29 June 1982)

BOOKS

- P. K. Aksyutin, G. A. Veretennikov, M. S. Vorobiyov *et al.*, *Soviet Union Power Engineering During the Years 1981-1985*. Energoizdat, Moscow (1981).
- V. A. Barsukov, V. N. Goloshchapov, V. A. Malyarenko *et al.*, *Heat Transfer in Regenerative Bleed-off Chambers of Steam Turbines*. Izd. IPmash, Kharkov (1981).
- Yu. A. Berezin (Editor), *Problems of Viscous Flows: Proceedings of the 8th All-Union School-Seminar on the Numerical Methods of Viscous Liquid Mechanics, Collected Papers*. Izd. ITPM, Novosibirsk (1981).
- V. A. Chuyanov, *Approximate Methods in the Theory of Transfer*. Izd. MIFI, Moscow (1981).
- M. E. Deich and G. A. Filippov, *Gas Dynamics of Two-Phase Media* (2nd edn.). Energoizdat, Moscow (1981).
- G. Z. Gershuni *et al.* (Editors), *The Study of Thermal Convection and Heat Transfer, Collected Papers*. Izd. UNTs AN SSSR, Sverdlovsk (1981).
- Yu. A. Gladyshev *et al.* (Editors), *The Theoretical Foundations of Hydrodynamics, Collected Papers*. Izd. TulGPI, Tula (1980).
- Grain Drying, Collected Papers*, No. 97. Izd. VNII Zerna i Produkt. Ego Pererab., Moscow (1981).
- Hydrodynamics and Heat Transfer in Two-Phase Media: Papers Submitted to the 2nd All-Union School on Thermophysics, December 1981*. Izd. Inst. Teplofiz., Novosibirsk (1981).
- Yu. S. Kachanov, V. V. Kozlov and V. Ya. Levchenko, *The Origination of Turbulence in a Boundary Layer*. Izd. Nauka, Novosibirsk (1982).
- P. M. Kolesnikov (Editor), *Applied Problems of Transfer Theory, Collected Papers*. Izd. ITMO AN BSSR, Minsk (1981).
- B. A. Kolpakov, *Thermodynamics and Thermal-and-Power Engineering*, pt. I. Izd. NIIVT, Novosibirsk (1981).
- L. E. Kostikov (Editor), *The Present-Day Problems of the Hydrodynamics and Heat Transfer in the Elements of Power Plants and Cryogenic Equipment, Collected Papers*, No. 10. Izd. VZMI, Moscow (1981).
- F. M. Mitlenkov and V. A. Chirkov, *Physical Foundations of Heat Transfer Control in a Nuclear Power Plant*. Izd. GPI, Gorky (1981).
- A. Ya. Oleinik *et al.* (Editors), *Applied Problems of Hydromechanics, Collected Papers*. Izd. Naukova Dumka, Kiev (1981).
- A. P. Pavlov, *Convective and Radiative Heat Transfer*. Izd. LPI, Leningrad (1981).
- M. I. Pergament (Editor), *Plasma Diagnosis, Collected Papers*, No. 4(2). Energoizdat, Moscow (1981).
- Rarefied Gas Dynamics and Molecular Gas Dynamics, Collected Papers*. Izd. TsAGI, Moscow (1981).
- R. I. Soloukhin (Editor), *Heat and Mass Transfer: Investigations and Developments, Collected Papers*. Izd. ITMO AN BSSR, Minsk (1981).
- The Thermodynamic Investigations of Inorganic Materials, Collected Papers*, No. 1. Izd. Inst. Metallurg. ANGSSR, Tbilisi (1980).
- L. L. Vasiliev (Editor), *Heat and Mass Transfer in Systems Involving Porous Elements*. Izd. ITMO AN BSSR, Minsk (1981).
- Yu. V. Vidin *et al.* (Editors), *Heat Transfer and Hydrodynamics, Collected Papers*. Izd. KPI, Krasnoyarsk (1980).

PAPERS

GENERAL

- V. A. Efimov, The simulation of intercellular mass transfer in a longitudinal flow past rod bundles, *Prom. Teplotekhnika* 4(3), 37-44 (1982).
- V. L. Pokhoriler and A. I. Shklyar, The simulation of steam turbine rotor heating-up in a two-dimensional temperature field and variable conditions of heat exchange with a heating steam, *Izv. VUZov, Energetika* No. 4, 55-60 (1982).
- Yu. N. Vlasjuk, The simulation of heat transfer from a sinter burden to a thermocouple fitted into a vacuum chamber, *Izv. VUZov, Chernaya Metallurgiya* No. 10, 19-23 (1981).

THERMODYNAMICS

- V. A. Etkin, Verification of the differential reciprocity relations of irreversible thermodynamics in nonlinear systems, *Zh. Fiz. Khim.* 56(5), 1257-1259 (1982).
- V. K. Filippov and V. A. Sokolov, The thermodynamics of heterogeneous equilibria in the Helmholtz potential metric, *Vestnik LGU, Ser. Fiz., Khim.* Vyp. 1, 38-48 (1982).
- N. B. Gorev, Towards the problem of thermodynamics in external potential fields, *Ukr. Fiz. Zh.* 26(10), 1723-1727 (1981).
- Yu. Ya. Gurevich and Yu. I. Kharkats, Specific features of the thermodynamics of superionic conductors, *Usp. Fiz. Nauk* 136(4), 693 (1982).
- A. P. Kozlovtssev, E. P. Karamyshev and V. F. Ukhov, Statistical thermodynamics methods applied to the prediction of the properties of metal melts, *Izv. AN Kirg. SSR* No. 4, 40-45 (1981).
- E. A. Krylov and I. B. Rabinovich, The thermodynamics of the hydration of an industrial SG-I cationite, *Zh. Fiz. Khim.* 56(5), 1248-1249 (1982).
- A. N. Marinichev, Concerning the limitations on the values of thermodynamic properties of a heterogeneous system that are imposed by the properties of its subsystems. II. Corollaries from the stability criteria, *Vestnik LGU, Ser. Fiz., Khim.* No. 1, 48-52 (1982).
- V. V. Palchevsky, R. A. Abakumova and G. V. Konstantinova, A thermodynamic analysis of the properties of liquid redoxite containing proton-acceptor groups, *Vestnik LGU, Ser. Fiz., Khim.* No. 1, 117-120 (1982).
- V. I. Roldugin, The Chapman-Enskog method and non-equilibrium thermodynamics, *Dokl. Akad. Nauk SSSR* 263(3), 606-609 (1982).
- A. D. Sidorenko, Wave adiabatics for media with arbitrary state equations, *Prikl. Mat. Mekh.* 46(2), 241-247 (1982).
- V. T. Vorogushin, The thermodynamic cycle involving the utilization of heat released during electric energy generation, *Zh. Fiz. Khim.* 56(5), 1092-1095 (1982).

THERMOPHYSICAL (TRANSPORT) PROPERTIES

- M. A. Anisimov, V. G. Beketov, V. P. Voronov *et al.*, An experimental study of the isochoric heat capacity of hydrocarbon gases and their solutions, *Izv. VUZov, Neft Gaz* No. 4, 42-45 (1982).
- V. A. Barvinok and V. I. Bogdanovich, Concerning the thermal conductivity of two joined bodies with a moving

HEAT CONDUCTION

- boundary, *Izv. AN SSSR, Energet. Transp.* No. 2, 173-179 (1982).
