

Heat and mass transfer bibliography—Soviet works

R. I. SOLOUKHIN and O. G. MARTYNENKO

Heat and Mass Transfer Institute, Minsk, U.S.S.R.

(Received 6 May 1985)

BOOKS

- Applied Mechanics and Rheophysics* (Collected Papers). Izd. ITMO AN BSR, Minsk (1983).
- G. N. Dulnev, *Heat and Mass Transfer in Radioelectronic Devices*. Izd. Vysshaya Shkola, Moscow (1984).
- Heat and Mass Transfer in Apparatus with Dispersed Systems* (Collected Papers). Izd. ITMO AN BSSR, Minsk (1983).
- Heat Transfer and Applied Hydrodynamics*, Collected Papers of the Institute for Thermal Physics of the Ukrainian Academy of Sciences. Izd. Naukova Dumka, Kiev (1983).
- Yu. A. Kirichenko and K. V. Rusanov, *Heat Transfer in Helium-1 Under Free Motion Conditions*. Izd. Naukova Dumka, Kiev (1983).
- A. M. Kutepov, L. S. Sterman and N. G. Styushin, *Hydrodynamics and Heat Transfer in the Course of Vapour Generation*. Izd. Vysshaya Shkola, Moscow (1983).
- F. M. Mitenkov, L. N. Kutjin, B. I. Motorov and O. B. Samoilov, *Stability of Preboilers*. Energoizdat, Moscow (1983).
- V. K. Shchukin (Editor), *Heat and Mass Transfer in Engines of Flying Vehicles* (Collected Papers). Izd. Kazan. Aviats. Inst. (1982).
- V. I. Subbotin, *Calculational-Theoretical and Experimental Investigations in the Nuclear Reactor Thermophysics*. Energoizdat, Moscow (1983).
- The Problems of Thermal Power Engineering*, Theses of Papers of the 1st All-Union Scientific Conference, Vols 1, 2. Moscow (1983).
- Unsteady-State Processes of Rheodynamics and Heat- and Mass Transfer* (Collected Papers). Izd. ITMO AN BSSR, Minsk (1983).
- A. G. Usmanov (Editor), *Heat and Mass Transfer in Chemical Engineering* (Collected Papers). Izd. Khim. Tekhnol. Inst., Kazan (1983).

PAPERS—GENERAL

- B. D. Belogov, Yu. P. Dmitrievsky and S. S. Kozub, Measurement of steady-state heat transfer through electrical insulation of a plane superconducting wire, Preprint of the Inst. for High Energy Physics, Serpukhov (1983).
- D. M. Karpinos, Yu. I. Morozov and K. I. Yakovlev, Measurement of heat fluxes in a supersonic high-temperature jet issuing into a low-pressure chamber, in *Metrological Provision of Temperatures and Thermophysical Measurements in a High-Temperature Range* (Proc. 2nd All-Union Scientific and Technological Conference, 22–24 June 1983, Kharkov), pp. 274–276. Kharkov (1983).
- L. A. Serovsky, A method for the construction of the state equation for a dense gas using the data on orthometric states, *Teplofiz. Vysok. Temp.* **22**(1), 35–39 (1984).
- L. P. Tryanin, Identification of heat transfer coefficients in a porous body from the inverse problem solution, *Inzh.-fiz. Zh.* **45**(5), 810–814 (1983).
- A. G. Vereshchagin and B. N. Devyatov, Application of the method of integral approximations in the analysis of complex models of heat and mass transfer processes, *Izv. sib. Otdel. Akad. Nauk SSSR, Ser. Tekh. Nauk* No. 13/3, 93–99 (1983).

HEAT CONDUCTION

- A. M. Abasov and R. A. Amanov, A solution to a certain linear multi-dimensional nonideal contact boundary-value problem of the heat conduction theory, Preprint of the Azerb. Univ., Baku (1983).
- A. M. Abasov and R. A. Amanov, A solution to a certain one-dimensional linear nonideal contact first-kind boundary-value problem of the heat conduction theory, Preprint of the Azerb. Univ., Baku (1983).
