OASIS

keeping you informed

ELSEVIER SCIENCE

Keep track of the status of your accepted article

...use
www.elsevier.nl/oasis

OASIS is a free service which allows authors to access on-line information on the status of manuscripts currently in production at Elsevier Science, including:

- General production status (in preparation, in proof, in issue)
- Scheduled and actual date of publication
- Reprints dispatch date
- Issue, volume and page numbers of your paper

Quick and easy to use

When you enter the manuscript number which is provided in your acknowledgement letter, you will find the details of your paper.

Co-authors should contact the corresponding author for their manuscript number.

If you have any suggestions, please e-mail: *authorsupport@elsevier.nl*

AUTHORS

If you want to make the best of your artwork send it in the correct digital format

All articles accepted for publication in Elsevier Science journals are processed using electronic production methods. Authors should therefore ensure that their artwork conforms to the following guidelines:

- **Colour and greyscale images** should be supplied as **TIFF** or **EPS** files (resolution 300 dpi).

- **Line drawings (black & white or colour)** should be supplied as **EPS** files

If you need help to create files in these formats, go to **www.elsevier.com/locate/authorartwork/formats**

Please also note:
- We still need a good quality hard copy of each figure in case the electronic file cannot be used. The hard copy and electronic file must match exactly.
- We can use floppy disks, ZIP disks or CD-ROM. Artwork files should be on a separate disk or CD to article text files.
  www.elsevier.com/locate/authorartwork/media
- Only standard fonts should be used, for example:
  Times, Times New Roman, Helvetica, Arial, Symbol
  www.elsevier.com/locate/authorartwork/formats
- Lines should be a minimum width of 0.5 pt.
  www.elsevier.com/locate/authorartwork/linewidth
- Only standard colours should be used.
  www.elsevier.com/locate/authorartwork/colours
- Lettering should be a consistent size and appropriate to the size of the figure.
  www.elsevier.com/locate/authorartwork/sizing
- An image which looks acceptable on a computer may not reproduce well, so it is important to ensure that these guidelines are followed.

Our Author Artwork website has all the information you need on how to submit your artwork correctly. Visit it today at:
