

The success of the *Journal of Forensic Sciences (JFS)* depends both on the quality of the manuscripts submitted and of the peer reviews performed by both Editorial Board Members and Guest Reviewers. I would like to offer my thanks to all who have assisted *JFS* in the review process. In appreciation of all the efforts of the Guest Reviewers in 2006, I have listed them in this issue of *JFS*. In addition, I would like to recognize Ms. Kim Waggoner of the FBI Laboratory who has coordinated the many reviews performed by that organization throughout 2006.
