## **ANNOUNCEMENTS**

KARLSRUHE INTERNATIONAL CONFERENCE ON ANALYTICAL CHEMISTRY IN NUCLEAR TECHNOLOGY to be held on June 3-6, 1985 in Karlsruhe (Federal Republic of Germany)

The Organizing Committee cordially invites you to submit abstracts of papers to be presented at this Conference. The time for oral presentation will be 15 minutes.

The conference will be organized by the Kernforschungszentrum (Nuclear Research Center) Karlsruhe, FRG, cosponsored by the Divisions of Nuclear Chemistry and Analytical Chemistry of the Gesellschaft Deutscher Chemiker (Germany Chemical Society), FRG.

## Subjects include:

- 1. New Developments in Analytical Methods
- 2. Automated Analysis
- 3. In-line and Non-Destructive Analysis
- 4. Uranium and Plutonium Analysis
- 5. Specifications, Quality Control and Standards
- 6. Surface Analysis
- 7. Trace Analysis of Radionuclides in the Environment
- 8. Analysis of Conventional Impurities and Organic Degradation Compounds
- 9. General Session

Information on registration and abstracts can be obtained from:

Prof.Dr. Hans J Ache Kernforschungszentrum Karlsruhe Institut für Radiochemie Postfach 36 40 D-7500 Karlsruhe 1 Federal Republic of Germany

Conference languages will be English, French and German. Simultaneous translation will be provided. Abstracts should be written in English.

RADIOPHARMACLUTICAL DOSIMETRY SYMPOSIUM sponsored by Radiopharmaceutical Internal Dose Information Center Oak Ridge Associated Universities cosponsors U.S. Food and Drug Administration-Center for Devices and Radiological Health U.S. Department of Energy to be held November 5-8, 1985, at Oak Ridge, Tennessee USA

## ANNOUNCEMENT AND CALL FOR ABSTRACTS

The Fourth International Radiopharmaceutical Dosimetry Symposium will be held November 5-8, 1985 in Oak Ridge, Tennessee. This symposium will focus on current developments in nuclear medicine that have an impact on internal dose calculations. Topics will include positron emitters, ultrashort-lived radionuclides, and radiolabeled monoclonal antibodies and blood elements. Invited speakers will present comprehensive papers on these and other pertinent subjects. The Program Committee is also soliciting abstracts for contributed papers. Abstracts should not exceed 250 words. The title, authors and institutional affiliations should be included at the top of the page. The name of the author presenting the paper must be underlined. Abstracts should contain a statement of purpose, results and conclusions.

Original abstracts and two copies should be sent to:

Evelyn Watson Program Committee Radiopharmaceutical Dosimetry Symposium Oak Ridge Associated Universities P.O. Box 117 Oak Ridge, Tennessee 37831-0117 USA

Abstracts must be received by July 15, 1985
