

Additions and Corrections

1996, Volume 39

Aleem Gangjee,* Anil Vasudevan, Sherry F. Quener, and Roy L. Kisliuk: 2,4-Diamino-5-deaza-6-Substituted Pyrido[2,3-*d*]pyrimidine Antifolates as Potent and Selective Nonclassical Inhibitors of Dihydrofolate Reductases.

Page 1439. First column, line 6, should read as follows: ... the K_i (3.7 to 2.9 pM) for inhibition of DHFR from L1210 ...

Page 1442. In Table 3, the hDHFR value for compound **11** should be 250000.
