

## Additions and Corrections

---

2000, Volume 43

**Fumitaka Yoshida and John G. Topliss\***: QSAR Model for Drug Human Oral Bioavailability.

Page 2578. Table 5, footnote *e* is incorrect. The correct footnote *e* is as follows: <sup>e</sup> Weighting is 0.5, where the carbon  $\alpha$  to the carbonyl is tertiary, or the carbonyl is attached to a ring with ortho substituents on each side, or the carbonyl can undergo intramolecular hydrogen bonding with a nearby group.

Page 2580. In Table 6, under the "structural descriptors" column, the data for entries **96** and **133** is incorrect. The correct data is 7, 13 for both compounds. Under the "drug" column, the names for entries **83** and **107** are misspelled. The correct spellings are **83**, propranolol; **107**, chlorthalidone.
