

3rd FEZA Conference Molecular Sieves

From Basic Research to Industrial Applications

August 23 - 26, 2005 • Prague, Czech Republic

INVITATION

The Czech Zeolite Group and the J. Heyrovský Institute of Physical Chemistry cordially invite you to participate in the 3rd International FEZA Conference, which will be held in Prague (Czech Republic) on August 23-26, 2005 under the auspices of the Federation of European Zeolite Associations (FEZA).

Scope of the Conference

3rd International FEZA Conference will be centred on synthesis, characterisation and applications of zeolites, microporous and mesoporous molecular sieves, delaminated zeolites, pillared clays and related materials.

Topics Will Include

- ◆ synthesis and characterization
- ◆ adsorption, separation and ion exchange
- ◆ catalysis
- ◆ modelling
- ◆ advanced materials
- ◆ natural zeolites

Scientific Program

- ◆ 4 plenary lectures
- ◆ 2 keynote lectures
- ◆ 60 oral presentations
- ◆ 2 poster and RRR sessions

Advisory Board

Council of FEZA

Organizing Committee

Honorary Chairpersons

Blanka Wichterlová
Kamil Klier

Chairman

Jiří Čejka

Vice-chairmen

Jiří Dědeček
Petr Nachtigall

Secretary

Naděžda Žilková

Preliminary List of Speakers

M.W. Anderson (Manchester)	A. Corma (Valencia)
T. Bein (Munich)	D. de Vos (Leuven)
G. Bellussi (Milano)	S.I. Zones (Richmond)

Paper Selection Committee

A. Alberti (Ferrara)	F. Fajula (Montpellier)
J. Čejka (Prague)	P. Nachtigall (Prague)
C.S. Cundy (Manchester)	F. Schüth (Mülheim)
