

Correction to Organic Dye Bearing Asymmetric Double Donor- π -Acceptor Chains for Dye-Sensitized Solar Cells

Yanping Hong, Jin-Yun Liao, Derong Cao,* Xufeng Zang, Dai-Bin Kuang,* Lingyun Wang, Herbert Meier, and Cheng-Yong Su

The Journal of Organic Chemistry 2011, 76, 8015–8021. DOI:10.1021/jo201057b

Page 8017. In Figure 2, the J - V curve of the DC dye based cell inadvertently used another J - V data. The correct J - V curves are shown below. The photovoltaic parameters of the DC sensitized cell in the text and Table 2 are correct.

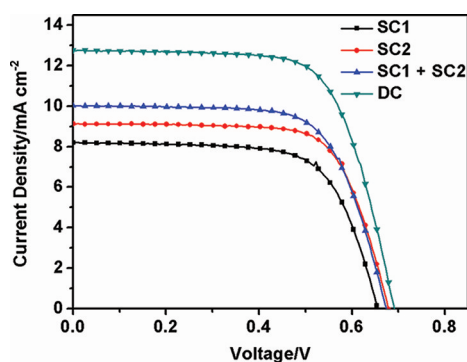

Figure 2. J - V curves of DSSCs sensitized by SC1, SC2, cosensitizers (SC1 + SC2), and DC.
