This article may be used for research, teaching and private study purposes. Any substantial or systematic reproduction, re-distribution, re-selling, loan or sub-licensing, systematic supply or distribution in any form to anyone is expressly forbidden.

The publisher does not give any warranty express or implied or make any representation that the contents will be complete or accurate or up to date. The accuracy of any instructions, formulae and drug doses should be independently verified with primary sources. The publisher shall not be liable for any loss, actions, claims, proceedings, demand or costs or damages whatsoever or howsoever caused arising directly or indirectly in connection with or arising out of the use of this material.

Erratum

Mechanistic studies of reactions of coordination compounds. Some recent highlights, by Hubbard C.D. and Van Eldik R.V., Vol. 60, No. 1, 10 January 2007, 1–51 of the *Journal of Coordination Chemistry*.

The publishers regret that the figure caption for scheme 4, which is also the cover figure for this issue, is incorrect. The correct figure with caption is as follows:

Scheme 4. Model Pt(II) complexes.
