

# Russian–Dutch Workshop Catalysis for Sustainable Development

June 22–25, 2002, Novosibirsk, Russia

## WORKSHOP ORGANIZERS

- Boreskov Institute of Catalysis, Siberian Division, Russian Academy of Sciences, Russia
- NIOK, Netherlands
- Scientific Council on Catalysis of Russian Academy of Sciences, Russia

## ORGANIZING COMMITTEE

### **Cochairs:**

|                     |                                                     |
|---------------------|-----------------------------------------------------|
| V. N. Parmon        | Boreskov Institute of Catalysis, Russia             |
| Rutger A. van Saten | Eindhoven University of Technology, The Netherlands |

### **Vice-Cochairs:**

|                        |                                         |
|------------------------|-----------------------------------------|
| Hans Bouma             | NIOK, The Netherlands                   |
| Z. R. Ismagilov        | Boreskov Institute of Catalysis, Russia |
| Bernard E. Nieuwenhuys | Leiden University, Netherlands          |

### **Workshop Secretary:**

|                |                                         |
|----------------|-----------------------------------------|
| T. V. Zamulina | Boreskov Institute of Catalysis, Russia |
|----------------|-----------------------------------------|

## PROGRAM SCIENTIFIC COMMITTEE

### **Netherlands**

|                   |                                |
|-------------------|--------------------------------|
| A. Blik           | University of Amsterdam        |
| H. Bouma          | NIOK                           |
| K. P. de Jong     | Catalysis Center Utrecht       |
| G. van Koten      | NIOK                           |
| L. Lefferts       | Twente University              |
| J. A. Moulijn     | Delft University of Technology |
| B. E. Nieuwenhuys | Leiden University              |
| A. Stankiewicz    | DSM Research                   |
| H. J. Veringa     | ECN, Twente University         |

### **Russia**

|                  |                                                       |
|------------------|-------------------------------------------------------|
| Z. R. Ismagilov  | Boreskov Institute of Catalysis                       |
| V. B. Kazanskii  | Zelinskii Institute of Organic Chemistry              |
| V. V. Lunin      | Moscow State University                               |
| I. I. Moiseev    | Kurnakov Institute of General and Inorganic Chemistry |
| A. E. Shilov     | Institute of Biochemical Physics                      |
| G. M. Zhidomirov | Boreskov Institute of Catalysis                       |

## SCIENTIFIC PROGRAM

The Workshop program will include plenary thematic lectures and oral presentations on the following topics:

1. *Fundamental aspects of catalysis: surface science and theory*
2. *Homogeneous catalysis*

3. *Catalysis for renewable energy production*
4. *Environmental catalysis*
5. *Kinetics and reactor modeling*

For more details, please contact

Tatiana V. Zamulina  
Workshop Secretary  
Boreskov Institute of Catalysis,  
Pr. Akad. Lavrent'eva, 5,  
630090 Novosibirsk, Russia
