

Cover: The 9th UNESCO/IUPAC Conference focused on Macromolecules: “Polymers for Advanced Applications”. There was an emphasis on polymers for biomedical applications. Abridged versions of a number of papers are compiled to create the present volume of Macromolecular Symposia.

The cover picture is taken from the article by E. Harth et al.: Uptake of a guanidylated dendrimer (FD-2) into 3T3 cells: Targeting of subcellular locations, mainly into cytosolic compartments.
