

## CORRECTIONS

**S. Anavi, M. T. Shaw,\* and J. F. Johnson:** A New Technique for Determining Polymer-Polymer Miscibility. Volume 12, Number 6, November-December 1979, page 1227.

The following should be added to the paper by Anavi, Shaw, and Johnson.

**Acknowledgment.** These notes are based upon work supported by the National Science Foundation under Grant No. DMR-7818076, Polymers Program.

**Shinya Teramachi,\* Akira Hasegawa, Makoto Akatsuka, Akira Yamashita, and Nobuhiro Takemoto:** Molecular Weight Distribution and Correlation between Chemical Composition and Molecular Weight in a High-Conversion Copolymer of Styrene-Methyl Acrylate. Volume 11, Number 6, November-December 1978, page 1206.

Due to a typographical error, the MA mole fraction (anal.) of sample B-60 in Table III is shown incorrectly. The correct value is 0.564. This has no effect on the other parts of the paper, since the error is only typographical.
