T. Golub, A. de Keizer, and M. A. Cohen-Stuart:

Association Behavior of Ampholytic Diblock Copolymers.

Volume 32, Number 25, December 14, 1999, pp 8441–

8446.

The degrees of polymerization quoted in this paper for the sodium methacrylate blocks (27 for SC240 and 65 for SC184, respectively) are too high by a factor of 1.31 and should be 21 for SC240 and 50 for SC184, respectively. The conclusions of the paper are in no way affected, though. We apologize for this error and acknowledge R. Jerome and S. Creutz for bringing it to our attention.
