Volume 40, Number 7, April 3, 2007, pp 2606–2612.

Page 2069. An error was caused in Figure 3 as the DSC curves were normalized by peak height. Here the curves are all normalized by the weights of raw materials, and the figure should be replaced by the following:

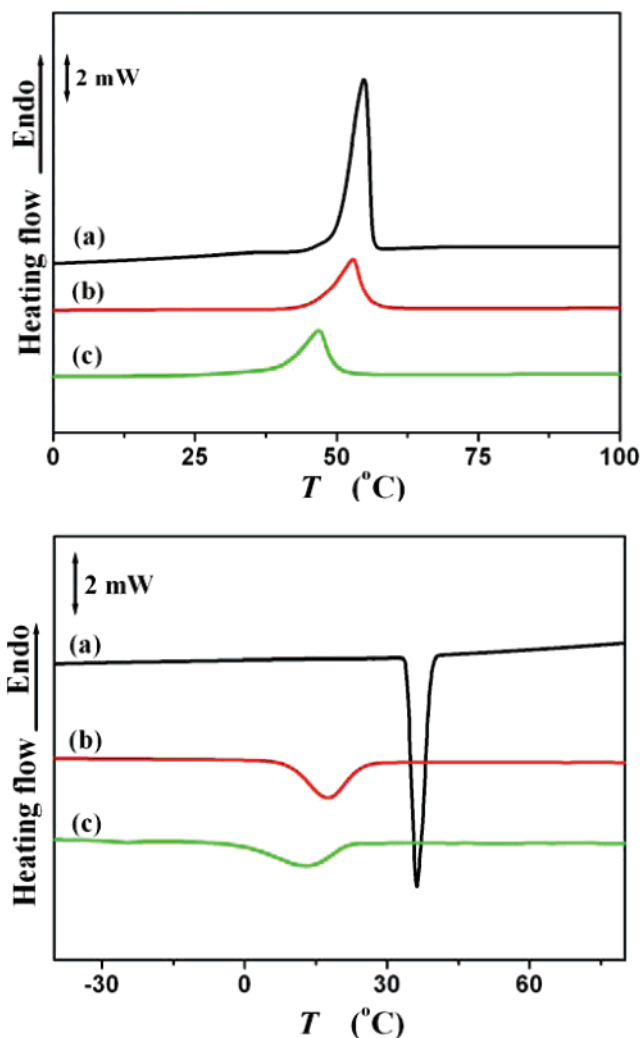

Figure 3.

DSC thermograph of second heating flow (up) and cooling flow (down) normalized by weights of raw samples: (a) PEO 2000, (b) A-B3, and (c) A-B2.
