Erratum

In the article “Stronger associations of sagittal abdominal diameter with atherogenic lipoprotein subfractions than waist circumference in middle-aged US white and Japanese men” by Nakata et al (*Metabolism* 2010;59:1742–51; doi:10.1016/j.metabol.2010.04.019) there is an error in Table 1. The units for VAT and SAT were reported in cm²; the correct unit is cm³ per 0.6 cm height. Dividing the value by 0.6 gives the number in cm².
