PREFACE

The 12th International Conference on the Chemistry of the Organic Solid State (ICCOSS XII) was held from July 9–14, 1995 in Matsuyama, Japan, following conferences in the USA (1968), Israel (1970), Scotland (1972), France (1975), USA (1978), Germany (1982), Greece (1985), France (1987), Italy (1989), Canada (1991), and Israel (1993).

The 36 oral and 147 poster presentations dealt with a wide variety of research topics in organic solid state chemistry. At the conference, many excellent papers on “Ferromagnetism” were also reported. 153 of these papers are included in the Proceedings.

The conference was organized with the assistance of the people listed on the next page.
