ATHEROSCLEROSIS AND LIPID PEROXIDATION

Guest Editors: László Nagy and Gerhard Spiteller

Editorial

Atherosclerosis and Lipid Peroxidation

László Nagy and Gerhard Spiteller 989

Review Article

Hypercholesterolemia and inflammation in atherogenesis: Two sides of the same coin

Daniel Steinberg 995

Review Article

The relation of lipid peroxidation processes with atherogenesis: A new theory on atherogenesis

Gerhard Spiteller 999

Review Article

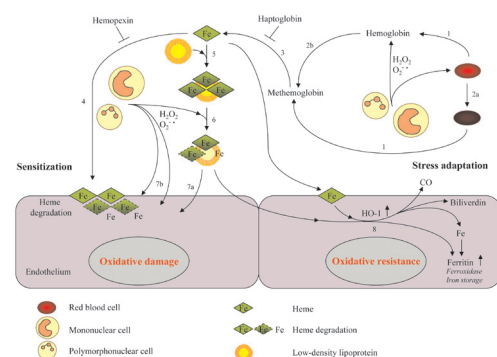

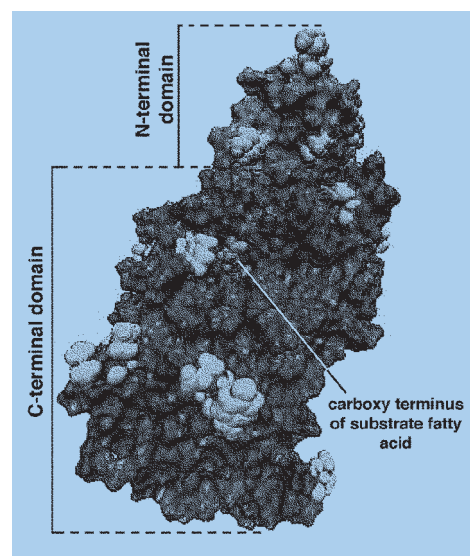

The role of lipoxygenase-isoforms in atherogenesis

Hartmut Kühn, Ilka Römisch and Jutta Belkner 1014

Review Article

Heme, heme oxygenase and ferritin in vascular endothelial cell injury

József Balla, Gregory M. Vercellotti, Viktória Jeney, Akihiro Yachie,
Zsuzsa Varga, John W. Eaton and György Balla 1030

Review Article

4-Hydroxynonenal and cholesterol oxidation products in atherosclerosis

Gabriella Leonarduzzi, Elena Chiarpotto, Fiorella Biasi and
Giuseppe Poli 1044

Review Article

Oxidized phospholipids, isolevuglandins, and atherosclerosis

Wujuan Zhang and Robert G. Salomon 1050

Review Article

Oxidized phospholipids as triggers of inflammation in atherosclerosis

Norbert Leitinger 1063

Review Article**Roles for lipid-activated transcription factors in atherosclerosis***László Nagy and Attila Szanto* 1072**Research Article****The role of dietary oxidized cholesterol and oxidized fatty acids in the development of atherosclerosis***Ilona Staprans, Xian-Mang Pan, Joseph H. Rapp and Kenneth R. Feingold* 1075**Review Article****Is there a future for antioxidants in atherogenesis?***Regina Brigelius-Flohé, Dirk Kluth and Antje Banning* 1083**MNF Meetings Diary** 1090**Instructions to authors** 1094
