**Experimental Biology is an annual meeting comprised of nearly 13,000 scientists and exhibitors representing six sponsoring societies and 18 guest societies.**

General fields of study include anatomy, physiology, biochemistry, molecular biology, pathology, nutrition, pharmacology and immunology. EB 2010 is open to all members of the sponsoring and guest societies and nonmembers with interest in research and life sciences. The majority of scientists represent university and academic institutions as well as government agencies, nonprofit organizations and private corporations.

This multidisciplinary, scientific meeting features plenary and award lectures, pre-meeting workshops, oral and poster sessions, on-site career services and an exhibit floor with an array of equipment, supplies and publications required for research labs and experimental study.

## EXPERIMENTAL BIOLOGY 2010 OFFERS:

- Access to 6 collective society meetings in one location with one registration fee
- More than 50 concurrent scientific sessions open to all attendees spanning the scientific disciplines of the sponsoring societies
- Over 400 exhibit booths representing nearly 300 companies
- 4 days of poster sessions with over 5,000 poster displays and author presentations
- Over 90 award programs, of more than \$700,000, in travel funding opportunities and poster competitions (awards vary by society)
- Over 65 countries represented annually at the meeting creating a diverse audience
- CME credits available (ASIP sessions only)
- Extensive career development opportunities for students and postdoctoral fellows
- Same registration fees as 2009
