True Confessions

One night in April

By Anonymous

ping on a drink at the bar.

If the bar had been packed we wouldn't have noticed her nor the fact that she was completely fixated on one of us, her eyes followed us as we walked to the bar and ordered our drinks.

We took a seat close to her as she maintained her focus on "us", occasionally flashing a smile.

We sat and debated which one of us she was interested in until she slowly turned toward us with her legs spread...no panties!

She put her kitty on full display as she tugged at the strap on her heel. We sat there like two schoolboys, mouths wide open as she casually turned back toward the bar like nothing had happened.

Derek was out of his seat and next to her before I could fully digest what has just happened, it's funny but no matter how often you see or how much pussy you're getting, it's still shocking when it's shown to you in such an obvious way.

Derek went into full chatter box mode as I slowly made my way over for my introduction, I was certain that Derek had this lovely lady locked down but there was something in her mannerisms that led me and Derek to believe that she was looking for some REAL intense sexual undertaking that night.

Note to all guys who are on a hot box hunt - slow nights are the best nights to go to the club!

It doesn't matter if a local bar, a huge night spot, hole in the wall or strip club. Yes, you can even hook up with a stripper if you've got game on a Wednesday night...try it!

That's why my main man Derek and I decided to hit our normally Friday night spot in the middle of the week, that and boredom.

We both had the day off the next day so we got dressed and went out looking for adventure, what we found was much more than we had hoped for.

Without giving all of the extra pre-game details, we walked into Frank's and we hadn't put our ID's back in our wallets before we noticed a gorgeous blonde starring in our direction.

She was wearing a short, low cut white dress sip-

That was confirmed when she invited **both of us** back to her hotel.

Problem numero uno, we weren't riding in the same car and Derek's smooth ass told her that we had to make a stop first. So we got the info and went our separate ways. I was certain that she was full of shit and we would show up at the hotel to find an empty room or end up knocking on some asshole's door in the middle of the night.

We stopped for supplies - condoms and beer - and made our way to the hotel. When we knocked on the door, there she was...alone!

What happened next literally happened so fast that you have to forgive me for not giving you every single detail but here it goes...

She sat sipping on a glass of wine, she mentioned something about what we we're going to do, Derek said something about fucking and the next thing I know the lights were out, she was on her knees face deep in my crotch with her tits out and Derek was drilling her from behind.

It could have been that I was drunk, I was a big drinker and may have been way past my limit but literally that all I can recall. I don't think we had been in that room for fifteen minutes before my pants were off and my cock was in her mouth.

I hadn't said ten words to her and there I was involved in my first full blown ménage a trois!

Derek must have spent his load early and there I was running solo, no condom on this woman that I had known for less than three hours.

She stripped down to her stockings and laid on the bed with her legs in the air as I slipped on a condom.

Standing behind her head, Derek grabbed both of her ankles and pulled them behind her as I slid inside her and began to pound away at her.

There was something very odd about this whole threesome thing. I just wasn't really into being watched.

So I took April, that was her name by the way, into bathroom to finish up.

She bent over the toilet as I reinserted myself inside her. Again I pounded away for what seemed like days and nothing!

It was until I sat on the toilet with her riding me that I finally got the release that I was waiting for.

She climbed off, dropped to her knees and pressed her tits together with her tongue out as I stood up pulled off the condom and began to cover her in ejaculation. It was as if I had some type of extra supply stored somewhere...it would have made Peter North jealous!

Like an automatic rifle, I shot loads into her hair, her mouth and damn near soaked her tits until the final shot landed almost damn near in the center of her forehead.

We both just laughed before she sucked whatever might have been left in from my cock and jumped into the shower.

When I went back into the room Derek was ready to go.

We gathered up the beer and left while she was in the shower. I knocked on the door of the bathroom to tell her that we were leaving but there was no response and thus ended our one night in April.

Naughty News

LOS ANGELES/DETROIT—Former New York Times reporter Charlie LeDuff posted a segment on the MyFoxDetroit website that might leave members of LA's adult community scratching their heads—and wondering what this guy seems to have against people in the adult industry?

"[W]ith free porn available on the internet and a new Los Angeles County law requiring adult performers to put a condom on it, it could be the death of an iconic if not seedy Los Angeles industry," LeDuff begins. "Is this the porn apocalypse?"

But while that's not the general opinion inside the industry, LeDuff nevertheless managed to find one insider to opine that yes, the "smut industry" is on its last legs.

"Los Angeles was the capital of porn," veteran star Ron Jeremy told LeDuff in a "man on the street" interview. "It was—In the San Fernando Valley were the biggest producers of porn anywhere in the world. The business of porn is going out of business. How do you compete with free?"

As it turns out, Vivid Entertainment CEO Steve Hirsch had an answer—and was surprisingly civil to LeDuff, whose question to Hirsch was, "So you pimp smut?"

Ignoring the "pimp" epithet, Hirsch countered that he preferred to call the "smut" "adult films,"

though he allowed that "pornography" would be okay as well.

"To compete against free, you need to produce and distribute unique product," Hirsch continued, in response to LeDuff's suggestion that "small-town Scorseses [are] giving it away for free on the internet." "So whether it's celebrity sex tapes or our superhero parodies or our swinger tapes, I mean, that stuff is—can't be found on the free sites."

Then, after making a point about Hustler owner Larry Flynt's "gold-plated wheelchair" (and in another segment, asking Flynt if he [LeDuff] could "wheel you around your office?"—Flynt declined), LeDuff got Flynt to say, "We got gaming, casinos; we're a worldwide broadcasting content company ... because we've seen that that was the plan 20 years ago," which LeDuff summarized by stating, "Larry Flynt has told me they've moved on, the godfather of porn is moving on, right?" to which Flynt responded, "That's what you've gotta do, you know?"

LeDuff then brought up Measure B as being partly responsible for the "death" of porn in LA, and indeed, Hirsch told him, "There was like 600 adult film permits taken out two years ago. Last year, three." Had LeDuff looked a little deeper, he would have found that plenty of companies are still shooting in The Valley, but the segment could hardly be characterized as an investigative piece.

LeDuff did, however, record Flynt saying, "People don't want to watch movies where the actors are using condoms," but when asked how he would know that, Flynt was right there with the answer: "Because we've done focus studies." Then it was back to Jeremy: "So as it is now, we're going out of business because of the internet, and now we're not going to be able to compete with the Asian, Scandinavian, European films so they're going to put us out of business. **So now we're outsourcing porn.**"

Flick of the Month

Tawdry Imagine you're in a closet. You watch from the perfect vantage point. A beautiful young girl comes in and slowly walks around her room. She then starts to undo the buttons on her silk dress, lets it drop to the floor and steps over it, revealing her pert nipples and curvaceous body.

She climbs into bed and delicately starts to run her hand across her leg. You can see from her face that she is getting flushed. She squeezes her breasts and lets out a gentle moan.

You have to be quiet so as not to disturb her. She then starts touching and rubbing her pussy, then spreading her labia to reveal an engorged clit. She tickles and rubs her clit into a frenzy and has an orgasm right before your very eyes. Welcome to the Intimate Moment series.
