If you look on-line right now Dakota Skye is one of the more popular stars in the business.

Don't wiki because you might find the OTHER Dakota Skye or some clips from the film.

I have to admit that she is a bit small for my taste but in watching her OVERALL skills she has either been at it for a lot longer than she's been in the business, hence her reason for getting into the business or she's learned a lot in a very short time.

She still has a few things to perfect and I definitely see a boob job in her future but for now she makes the cut.

Check out her videos on the site TUBE8 and others.

Here's her **NGM** report card...

Raw footage is the best way to describe this clip!
Great facial ending.

Megan has a nice tight body with nice puffy nipples. Her sex skills need a little work and she might want to pretend to be more receptive to a facial but she's still hot!

MILF

Mexican Squirter

The clip claims that she is the best Mexican squirter ever and they just might be telling the truth. She's like a water gun, shooting off every time he pulls the trigger.

I noticed her the day she was moving in.

This gorgeous, voluptuous women was moving right across the hall from me.

Of course, there were several men helping with the heavy lifting as she made her way in and out of her carrying boxes. I stared out of my peephole wondering which one was hers. I guess there was a slight chance that there was a guy moving in but guys don't typically enlist females to help them move so I was certain it was probably her and her boyfriend.

The weather was nice that day so I decided to sit on my patio and pretend to read while I played the role of noisy neighbor.

Just as the sun was setting, and I couldn't pretend I was reading any longer, the last box was taken from the truck and most of the guys said goodbye as she thanked them. I lit as cigarette as an excuse to stay out a little longer and watched one guy drive away in the truck. I automatically assumed that he must have been her boyfriend.

A few days went by before I realized that she lived alone. We were almost on the same schedule though I wouldn't see her in the morning when I left for work, I ran into her almost every night after work. We would exchange our friendly hellos while we worked out keys into the door and stepped into our apartments.

↔ This went on for almost a month until one night, just as I was heading in after picking out a few tunes on my guitar, she came out to her patio with a guitar in one hand and a notepad in the other.

She's a musician too, oh I was so excited. I sat inside my patio door, leaving it cracked just a little while I listened to her play a couple of tunes. She was pretty good and had a great voice. As I listened I began to thing of certain chord and vocal changes that she might want to use. That would be my in, I could approach her as a fellow musician and invite her over to jam.

That next evening I formally introduce myself. I found out that her name was Lisa and she had been playing the guitar for a little more than a year. I invited her over to play.

She went in and changed and came right over. We played late into the night until we both decided that it was time for bed and said out goodnights.

Over the next few months I was seeing Lisa almost on a regular basis. She would stop by with her guitar and we would play or sometimes we would just sit and talk for hours especially on the week-ends. There were several times when our weekend jams ended with her sleeping on my couch. We would have coffee in the morning, she would go home and depending on our schedules we would usually get together again that night.

We had written some good songs and actually talked about getting a paid gig on the weekends instead of jamming at my apartment every weekend.

The extra money would do us both some good and we had a pretty decent sound so we decided to go for it. We searched the papers and found a local club not far from us that was looking for a band to play a couple of Saturdays out the month.

We weren't exactly a "band" but we went to audition and was offered the job right there on the spot. We were both so excited it was almost unreal...our first paid gig!

Lisa invited me over to her place for dinner to celebrate. In all the time that we had spent together, I had never stepped foot into her apartment.

When I showed up for dinner, her apartment was beautiful, full of little knickknacks that seemed to be directly from the film Purple Rain. She had several clowns and masquerade masks everywhere.

Her outfit immediately caught my interest. She was wearing a tank top with no bra and a loose fitting pair of gray shorts. Her large breast looked as if they were trying to escape, her nipple poking through in a way that must have been intentional.

After dinner, I took a seat on the floor with my guitar and she took a seat in front on me with her notepad. She sat with her legs crossed and I noticed that as she sat, her shorts weren't completely covering her goodies.

"You might want to cover up," I said jokingly.

"I won't tell, if you won't," she said as she adjusted her shorts.

"Well, now that you've seen mine, show me yours," she said as she sipped her glass of wine.

"Are you serious," I replied.

"Sure, it's a celebration right."

I unzipped my shorts and gave her a glimpse of my semi-erect penis. She laughed.

"No, pull it out, let me see it," she said.

I laughed and went for it. I pulled my shorts down and just left my now erect cock fully exposed.

"Now that's what I'm talking about," she said taking hold of my man parts and gently stroking it as she finished her wine in one gulp and leaned in for a kiss.

She pulled her tank top off and climbed on top of me, pushing her shorts to the side and sliding me inside her. I felt a head rush as I slid easily into her and she began to move her hips back and forth.

The she began to sing

*Oh I cant wait to get next to you
Oh I just can't leave you alone
Boy you got me doing things that I would never do
And I cant stop the way I'm feelin' if I wanted to
I'm crazy bout the way that you could make me say
your name
And if I couldn't have you I would probably go in-
sane cause...*

It was Ashanti's Only U, in a pitch perfect falsetto and as she reached her climax so did I.

I went home the next morning and learned the chords for Only U...it was the song that we opened up with every Saturday night.

Naughty News

LOS ANGELES—Four-time AVN Director of the Year Axel Braun today put two new performer safety policies into place for all of his productions moving forward: They will no longer forgo the use of condoms, and he will require full-panel STD/HIV tests no older than seven days, the cost of which he will personally cover if a performer's current test is older.

While Braun is already directing condom-only projects for Wicked Pictures, he will now extend that policy to his own Axel Braun Productions titles. And as the industry standard testing protocol is currently 14 days, he is prepared to absorb the expense incurred by performers to get tested within his newly required timeframe.

“The recent series of HIV outbreaks is a clear indication that something needs to be done in order to protect our talent pool and prevent this from happening again,” Braun said. “Maybe the last one hit too close to home, since patient zero was booked on my set the day he was diagnosed, or maybe my integrity is becoming more important than my bottom line, but I have finally come to believe that our system is broken, and I’m simply trying to do what I can to fix it on my end.”

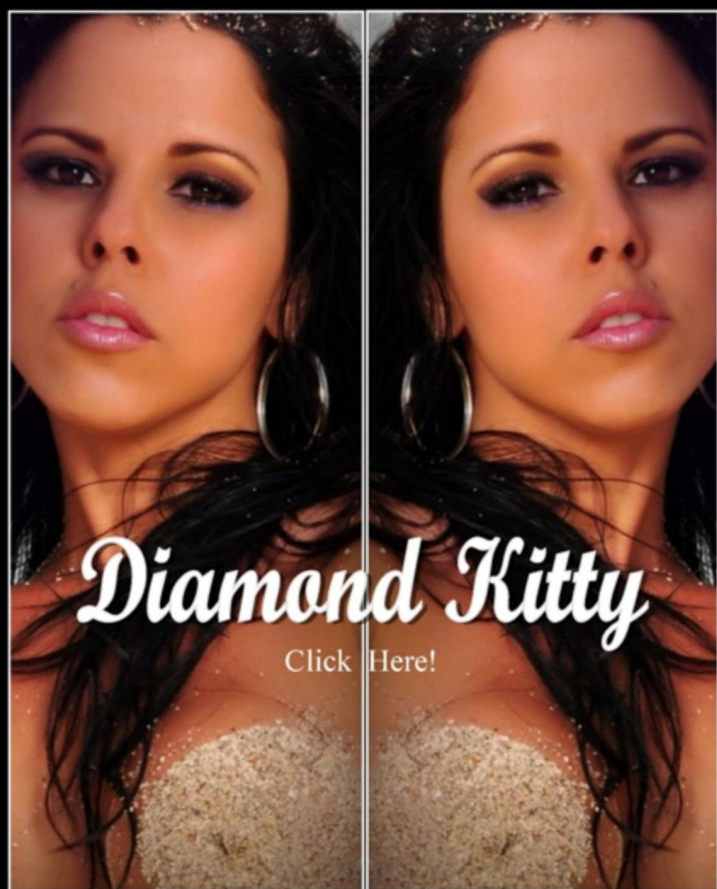

Braun’s decision comes seven months after the director implemented a “21 and over” policy, raising the age limit for talent in his productions.

“There is still plenty more that needs to be done, and it can’t be accomplished until the industry

comes together to outline a new, comprehensive protocol. While I have been vocal against condoms in the past, I have come to realize that deep down my stance was motivated by financial gain, and that adult movies with condoms can be just as successful and arousing as the ones without them. We just have to make better movies.”

Braun proffered his first ABP condom-only title, *I Fucked My Stepmom*, as a perfect example of this assertion. Starring top draws Veronica Avluv, Romi Rain, Allison Moore, Jennifer Dark and Tara Holiday, the movie contains a psychological component and heat level, he contended, that transcend the presence of condoms.

“Just like with the age limit, I certainly don’t expect other companies to follow my example and start using condoms or paying for talent testing,” Braun said, “but it wouldn’t be fair for me to advocate performer safety and then ignore the most obviously effective STD/HIV barrier, or place the burden of additional costs on the very people I’m trying to protect.”
