

don't publish online in the dark...

let our open linking network  
shed some light.

**This journal is CrossRef-ed!** As a scientist or scholar navigating digital content, you've come to expect dynamic linking from citation to original source. As an author, you expect ready dissemination of your work to others. CrossRef is a collaborative, cross-publisher reference linking network that allows users to click on a citation and be taken directly to the full-text location. An independent, non-

profit organization that employs open standards, CrossRef was established in cooperation with leading research publishers and the International DOI Foundation. Since the service went live in 2000, CrossRef has linked millions of articles from thousands of journals. Find out more at [www.crossref.org](http://www.crossref.org), and make sure all your electronically published work is CrossRef-enabled.

# CrystEngComm

*The* electronic journal for crystal engineering

*CrystEngComm* is an electronic journal providing a forum for the rapid publication of high impact articles in all aspects of crystal engineering. Its high quality is reflected in *CrystEngComm's* first impact factor - **an impressive 2.730!**

## Key features

**Fast publication** – typically 50 days

**Impact Factor** – 2.730

**Interactive Figures** – enhanced figures which can be rotated and enlarged

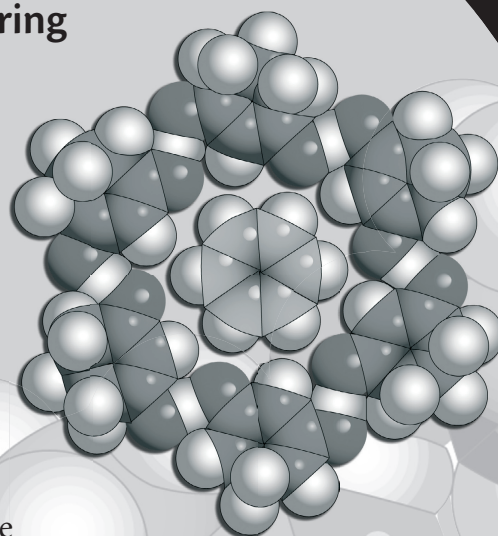

**High quality research** – rigorous peer review

**International authorship** and world-wide circulation

**Full reference linking**

**Web-based e-submission and review** –  
[www.rsc.org/submissions](http://www.rsc.org/submissions)

**Email update service** – receive details of all published articles (registration required)

*CrystEngComm* publishes an attractive mix of research, including:

***CrystEngComm* Highlights** – reports on topics in the field of crystal engineering that are either of general current interest or the subject of scientific controversy

***CrystEngComm* Communications** – preliminary accounts of original and significant work of such importance or novelty that rapid publication is justified

***CrystEngComm* Full Papers** – for reporting high impact original and significant contributions to further chemical knowledge

***CrystEngComm* Letters** – provide a medium for the expression of scientific opinions and views concerning crystal engineering
