

# Make an impact

***ChemComm*, a leading weekly international journal for the publication of communications on important new developments, supplies a vibrant blend of high quality research from across the chemical sciences.**

With rapid publication times, a rigorous peer review process and an impact factor of **4.426\***, *ChemComm* has high visibility (indexed in MEDLINE) and is the perfect choice for work that commands universal respect.

Offering the flexibility of a 3 page communication limit and additional unique features such as html enhancement with our new *Project Prospect* ([www.projectprospect.org](http://www.projectprospect.org)), *ChemComm* celebrates more than 40 years of publishing excellence with a service that's out of this world.

**Submit your work to *ChemComm* now and get light years ahead of the competition!**

\*2006 Thomson Scientific (ISI) Journal Citation Reports ®

Registered Charity Number 207890

“It is fantastic!  
I’ve just seen the future  
of the journal”

Ed Pentz  
*Executive Director, CrossRef*

**Features include**

*IUPAC Gold Book terms linked*

*Hyperlinked compound information in text*

*Ontology terms linked to definitions and related papers*

*RSS feeds with ontology terms and compound structures*

**Benefits**

*Completely free service*

*At a glance HTML view with additional features accessed by toolbox*

*Downloadable compound structures*

*Printer friendly*

## Science comes alive with RSC Project Prospect

Scientists trawling through the thousands of research papers published every month must wish their computer could do the job for them. This could soon be a reality thanks to RSC Project Prospect, an initiative developed by RSC Publishing together with academic partners. Readers can click on named compounds and scientific concepts in an electronic journal article to download structures, understand topics, or link through to electronic databases. Powerful functionality instantly helps researchers to find, understand and share (bio)chemical knowledge with each other quicker than ever before. See the science in journal articles come alive: visit the RSC Project Prospect website for FAQs, examples, contact information and latest news.
